IHSS Home Care Provider

Location: Nevada, Sierra or Plumas Counties

Hours: Full or part time, flexible hours

Pay: \$16.50 per hour

Support the independence of seniors and people with disabilities

Connecting Point's Home Care program serves persons with disabilities and seniors in Plumas, Sierra, and Nevada Counties who qualify for In-Home Supportive Services (IHSS) to assist them to live independently and safely in their homes. Connecting Point seeks community members as part of our In-Home-Supportive-Services (IHSS) Registry of Providers. IHSS is designed for Recipients who need care and qualify for Medi-Cal to be able to receive care within the comfort of their own homes by the Providers of their choice.

Some IHSS Recipients need help finding the right Provider for them and their needs. The Registry of Providers helps to bridge the gap of care between those who need it and those who seek to provide it.

About Connecting Point

Connecting Point is a public agency dedicated to providing programs and services that support the health and well-being of the people in our community. We do this by helping people connect—to employment, to in-home care, to community services, and to each other.

We take a person-centered approach, meaning that our work is driven by the goals and preferences of the people we serve.

About the Position

The IHSS Home Care Provider conducts tasks as assigned by the care recipient. Providers decide in advance what tasks they feel comfortable performing, including common household tasks and personal care, and are matched accordingly.

Providers set their own working hours. No previous experience is required to apply.

The successful applicant will be a caring, compassionate member of their local community. They will be respectful and reliable with an interest in working with seniors and people with disabilities.
